

Dear FCC Commissioners and staff:

I believe the Sinclair Broadcasting group is demonstrating why exactly the rules changes for media ownership were bad ideas.

This media conglomerate is attempting to subject citizens to what amounts to a free 90 minute smear ad against Kerry for Bush Campaign.

I strongly object to this activity and hope they will be penalized by you.

We citizens are tired of being steam rolled by special interest media companies who betray their trust in their use of the PEOPLE'S airwaves.

Thank you,
Curtis
